Reallocation Strategy

Road Home – Any remaining dollars go to unmet needs for homeowners and neighborhood revitalization as required by Congress

Piggyback and Small Rental – Currently oversubscribed, but any remaining dollars will be re-allocated in two tiers:

- 1) A rental pool will be developed to finance affordable housing until the HUD required allocation for affordable rental housing has been met
- 2) Any dollars remaining after the State has met their federal obligation to affordable housing will be re-allocated to the parishes based on their damages in combination with unused infrastructure funds

Infrastructure – Any unused funds not applied for will be re-allocated to the parishes based on their damages (allocations will not be less than \$150,000 per applicant)
